The Roberts Christmas Program will be held on

Thursday, December 14th at 7:00 P.M.

There will be musical performances by all of the elementary students, the 5th and 6th Grade Band, the Junior High/High School Band, and the High School Choir. After the concert, we will have a visit from Santa! **The Student Council will be taking pictures with Santa which will be available for purchase for \$5 a print.** We hope you can come join us for an evening of festivity and fun. Happy Holidays! Mrs. Jones

Rock Creek Ranchers 4-H

Christmas Food Drive

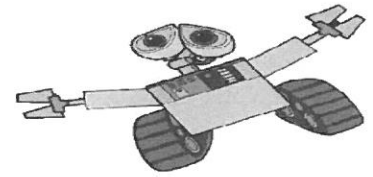

Please bring a donation of canned goods and non-perishable items to the concert to be donated to the Carbon County Food Bank. For each donation, you will receive a ticket and a chance to win a stocking filled with toys!

Calling all wrestlers! Carbon County Wrestling Club is gearing up for it's 2018 season which will run from early January to late March. Early registration will be December 5th! Contact Stacey Frank at valettodaycleaners@gmail.com if you are interested or check out Carbon County Wrestling Club on Facebook.

Parents: With the extra cooking & baking many of you will be doing over the next month, please take special care to watch for BOX TOPS FOR EDUCATION. Cut these out and have your student bring them to the library. EACH box top earns our library 10 cents, so they do add up. Just a reminder that we also collect USED PRINTER CARTRIDGES to earn money for library needs AND we are now recycling markers. All items can be placed in the blue bin outside the library door. THANK YOU for your help in this!

THANK YOU TO OUR GREAT SPONSORS!!

THANK YOU to everyone who supported our Wild West Book Fair. Perhaps the most exciting part of the book fair was the news that every K-6 student was able to pick a FREE BOOK from the book fair. These were all paid for by a friend of our library, Miss Aiko. Between Miss Aiko's donation, the bake sale earnings, and the book fair sales, we had our best fair ever with sales of almost \$3,000. This means we receive over \$1500 to use for library and classroom needs. On top of this, we were able to give away more than \$500 in prizes from our generous donors. Can I get a big YEEE-HAAAA?!

First and Second Grade Happenings

Whew! Where has the time gone? Time sure does fly by when you're having fun.

Students have been learning about the Mayan and Aztecs. They lived about three thousand years ago in what is now Mexico. We have made a Mayan calendar and will be drawing Aztec symbols for an art project involving print making. Then it is off to the Inca Civilization in Peru. Ask your child about what they have learned.

In science, we just completed a unit about matter. Did you know that matter comes in three states; solids, liquid, and gas? We did an experiment to see if air (gas) has mass or weight. The kids were amazed to find out gas actually has weight. Ask your child to tell you all about it.

We are also getting ready for the Christmas Holiday with fun crafts and presents for our family... so act surprised when you find them under the tree!

Hope you all have a great holiday season.

Mrs. Roberts

First/Second Grade

STRATEGIC PLAN

Prepare all students to be college and career ready by raising academic achievement for all students

- Roberts will meet state and federal requirements for accreditation
- Teachers will be provided instructional resources to improve student academic achievement
- High school students will be offered the opportunities to pursue comprehensive courses of study which will prepare them for college and career readiness
- All teachers will become highly qualified and appropriately licensed for their assignments
- Superintendent, counselors, and teachers will provide prompt and effective support to students who are struggling academically
- Middle, junior and high school students will have a variety of sports and extracurricular activities to encourage, motivate, and engage them in school
- The percentage of students reaching their goals on the MAP assessment in reading, language, math, and science will increase until 75% is reached in all areas.

		Math	Reading	Language	Science
Growth S16 to S17	Actual	63.58%	72.45%	58.27%	58.23%
S17 to S18	Projected	65%	65%	65%	65%
S18 to S19	Projected	70%	70%	70%	70%

Provide students and staff with a safe and caring school environment

- Administration, staff, and school board will annually review and update their school crisis plan
- Safety audits will be conducted by the school annually with results reported to the superintendent
- Consistent, school-wide expectations for student conduct will be reflected in the Code of Student Conduct and reviewed annually
- The school will annually update their anti-bullying program
- All staff and administration will monitor all school property, buildings, and buses, both through visual and electronic supervision
- The school will continue cooperation with local, state, and national agencies responsible for student and building safety
- The school will promote student health and well-being through health, physical education, nutrition, illness prevention, and school safety programs
- All superintendents, teachers, and staff will share in the responsibility for providing a safe, secure, orderly, and drug-free school environment for students.
