Resolution of Intent to Impose an Increase in Levies

As an essential part of its budgeting process, the Roberts School District #5 Board of Trustees is authorized by law to impose levies to support its budget. The Roberts School District #5 Board of Trustees estimates the following increases/decreases in revenues and mills for the funds noted below for the next school fiscal year beginning July 1, 2023, using certified taxable valuations from the current school fiscal year as provided to the district:

Fund Supported	Estimated Change in Revenues*	Estimated Change in Mills*	Estimated Impact Home of \$100,000*	Estimated Impact Home of \$200,000*
Bus Depreciation	\$0.00 increase	0 mill increase	\$0.00 increase	\$0.00 increase
Transportation	\$4,142 increase	1.8 mill increase	\$2.43 increase	\$4.86 increase
Tuition	\$0.00	0 mill increase	\$0.00 increase	\$0.00 increase
Building Reserve Elementary	\$0.00 increase	0 mill increase	\$0.00 increase	\$0.00 increase
Building Reserve High School	\$0.00 increase	0 mill increase	\$0.00 increase	\$0.00 increase
Adult Education	\$0.00 increase	0 mill increase	\$0.00 increase	\$0.00 increase
Total	\$4,142 increase	1.8 mill increase	\$2.43 increase	\$4.86 increase

^{*}Impacts above are based on current certified taxable valuations from the current school fiscal year.

Regarding the building reserve levy referenced above, the following are school facility maintenance projects anticipated to be completed at this time:

- 1. Construction and Repairs of Existing Facilities
- 2. Electrical and Mechanical System Upgrades
- 3. Weatherization of Existing Facilities
- 4. General Grounds and Facilities Maintenance

Wages and Insurance increase will eat about 75% of the New State Aid

We currently pay 2 staff and significant amounts of supplement materials of the literacy grant next school year. Could potentially be extended for 3-5 more years. Approx \$100,000/year

ESSER funds or "Covid" Funds have done all our custodial or cleaning purchases or about \$20,000/year

We also pay 2 staff members out of Covid Funds which also sunset in the next 2 years. Approximately \$90,000/year

Considering above in 2 years, \$2100,000 or so is a break even budget to current services with a giant cut to PD. We are also currently overstaffed in some areas via choice. But all 4 positions covered by grants are not completely able to be cut. This conversation also does not include raises after 23-24.

The yellow range would take alot of pressure off the current budget and allow us to forward for the next couple fiscal years. The lower end of the yellow range would likely mean another left in the next 2 or 3 years. The higher end of the yellow range would let us be pretty good for a while and do some forward planning. The real question is how hard can you push and still get it to pass?
